Highlights

Coffee strength control
The Philips coffee strength control lets you vary the strength of your coffee easily and save the setting you prefer. This way you can enjoy your preferred coffee taste no matter if you brew two or ten cups.

Decalcification indicator
The Philips coffee machine will remind you when to descale your appliance. Regular descaling ensures the best taste of your coffee and prevents lime scale from tap water.

Drip stop

Drip stop to interrupt coffee brewing whenever you want to pour a cup of coffee

Auto shut-off after 2 hours

2 hours after brewing coffee, the coffee machine will shut-off automatically and save energy.

Detachable water tank
The detachable water tank of your coffeemaker makes it easier to clean the water tank or re-fill water.
